CSS HR forms: http://diversity.berkeley.edu/forms

Transaction type You need to:
Job classification (for getting a new position classified for the first time)
- Send job description and classification request to Najah Trotty (be sure to cc Debbie Fong). Najah will forward to central HR. (A position must be classified by central HR/Compensation and funding must be approved internally.) If creating a new student position, be sure to identify whether the position will be work study or non-work study.

Recruitment
Staff and non-Work-Study Students
1. If the position is subject to the campus hiring freeze, submit a Request for Exception to the Hiring Freeze to Debbie Fong.
2. Complete the Staff (or Student) Recruitment Form and get approval from program manager.
3. Complete the Position Management Form if you need to create a new position management number or make changes to an existing number (e.g., increase headcount).

Work-Study Students
CSS will post new work-study listings or repost job listings. If you have a work-study eligible student to refer to a specific job, CSS will contact the student and initiate the referral process. Complete the Student Recruitment Form if:
- It’s a new work-study position, or
- There is a change to an existing position.
If you have an existing posting number, and no changes need to be made, you don’t need to complete a recruitment form. Simply open a ticket with HR/APS to request reposting. (If ready to hire, follow hiring instructions.)

Hiring
Complete the appropriate Appointment Form (Staff or Student). Include the following:
- Job description and PIF
- Other required documents (e.g., IOC Form for criminal background check)
For career and contract positions, the Appointment Form needs to be reviewed and approved by Debbie Fong. Submit all items via a HR/APS ticket with a cc to Najah Trotty. CSS will contact your new hire to schedule a hiring appointment and will update you with the status of the hire.

Benefits
Contact CSS for any benefits questions/issue.

Leaves
Employees: Open an HR/APS ticket with CSS.
Supervisors: As soon as you become aware of a situation in which an employee might require a leave of absence, complete the Leave Form (if applicable) and forward to Najah Trotty.

Employee relations or labor relations
If you need information regarding layoffs, performance improvement plans, disciplinary actions, or other complex employee/supervisor interactions contact Najah, with a cc to Debbie Fong.

Payroll and Timekeeping
Non-exempt and hourly employees (including students):
- Submit your paper timesheet to your supervisor prior to the due date.
- Exempt employees continue to use CalTime for their timesheet.
- Always notify CSS HR when there is a situation involving leave without pay.

Supervisors:
Scan and email signed, approved timesheets to timesheets@berkeley.edu (please indicate your Dept in subject line). This method will generate a confirmation email to the sender. However, if you do not have access to a scanner you may fax the timesheet to 664-9300.

Pre-Employment Activities (Onboarding)
University onboarding (benefits, employee ID, etc.) is handled by CSS HR. Program onboarding still takes place within your unit. Note: Please allow a few days for electronic timekeeping systems to be updated.

Separations (including retirement)
Complete the Separations Form and submit via an HR/APS ticket with CSS.

Note: Final timesheets (paper or electronic) should be submitted and approved by supervisor for payroll purposes.

Other Employment Related Services
Issues related to visas and immigration, compensation, reclassifications, appointment changes, and any other employment questions: contact Najah. Note: for any appointment changes (staff or student) complete the Appointment Change Form and send to HR/APS with a cc to Najah Trotty.

Human Resources (HR)

Information Technology (IT) support
Requesting IT Support
CSIT now provides IT support to all E&I staff. This includes computer support (setup, troubleshooting, security issues, device moves, printer configuration), application support (Adobe Suite, Microsoft Office, BConnected, BearBuy, IFS/RAIRs, CalTime, CalPlanning), general IT support (including phones and network), and equipment purchases. Please note: CSIT does not support E&I program-specific databases like Fishbowl, SCARAB, and Quincy—please contact your local staff for those systems.

There are multiple ways to open a ticket to request help:
- Go to sharedservices.berkeley.edu and click on Submit a ticket (see below for a detailed walk thru).
- Call 664-9000, choose option 1 for IT support and follow the prompts.
- Email itscshelp@berkeley.edu
- Go to blu.berkeley.edu and click on Campus Shared Services. Then click on “Submit Ticket Here.”

Purchasing IT-related products and services
1. Email your program approver (see next page) with detailed information on what you want to order.
2. The program approver will provide funding information and then forward to the program procurement lead, who is responsible for opening a ticket with CSIT.

The following items/services are handled by CSIT: desktop computers, laptops, tablets, smartphones, landlines, and printers. A CSIT tech will deliver the item(s) to your location and handle any necessary set-up or data migration. When selecting a new copier, CSIT recommends departments lease a copier through the UCSC/Berkeley print management program.

Note: CSIT support may be limited, or unavailable, if you choose to order non-JACS standard computers. (JACS computers are the campus-recommended Mac and PC models.)

How can we help you?
1. Go to sharedservices.berkeley.edu
2. Click on Submit a Ticket (located in the upper left corner of the page)
3. A submenu appears. Click on IT
4. After authenticating with your CalNet ID, an Information Technology form appears. Your basic info (name, phone number, email) is pre-filled
5. Enter your location, detailed information about the problem you are experiencing (or the service you need), and the urgency. Click on Create Ticket.

Note: Important: When submitting a ticket be sure to include Debbie Fong.

CSS HR partner: Najah Trotty (ntrotty@berkeley.edu; 664-9786).

Important:

Business and Financial Services (B&FS)

For all B&FS transactions in E&I:
All transactions require approval by the program approver. The program approver will identify a funding source (chartstring or fund name), add it to the email request, and forward to the program procurement lead for action. The email serves as electronic approval.

* If a Program Manager is submitting for reimbursement, approval goes to the Executive Director.

** If you make last-minute purchases, or purchases from non-Bear Buy vendors, you may use a personal credit card or a US Bank Travel Card and then submit your expenses for entertainment reimbursement. (US Bank Travel cards are personal credit cards that employees may use for business expenses and then submit for reimbursement.)
