Our Key Finding:

The challenges facing AAPI communities at UC Berkeley have not significantly changed over the past 20 years.
Our Ongoing Concerns

1. How can we improve our understanding of the disaggregated needs of AAPI campus communities to realize a more equitable allocation of institutional resources in support of these communities?

2. How can we proactively and systematically address and redress xenophobic attitudes and behaviors in our classrooms and workspaces on campus?

3. How do we create and execute a vision of racial equity and justice on our campus that includes AAPIs?
“TWENTY YEARS LATER”: Report Release Event
PRIORITY AREA 1
Disaggregated AAPI Student Communities

Discussion

1. What additional – and tangible – support can campus leadership provide to ensure the widespread distribution of our “Twenty Years Later” report?

2. What “in-kind” support can campus leadership provide to support our ongoing programming efforts -- i.e. space rental fee waivers, pro bono marketing and publicity assistance, etc.?

3. In light of our recent presentation to the Cabinet, what are campus leaders doing in their respective divisions to realize the data and recommendations of our “Twenty Years Later” report?
Discussion (cont.)

4. How can AAPISC be a partner in the work of:
   -- The HSI Initiative,
   -- The African American Initiative,
   -- The Undergraduate Diversity Project, and
   -- Campus-wide antiracism initiatives?

5. Can campus leadership include AAPI student needs in division-specific and campus-wide fundraising efforts? If so, how can we best be a partner with you in such efforts?
